**Hiring Manager**

The Africa Research Collaborative (The ARC),

4<sup>th</sup> Floor, The village Residence,

Aberdeen, Freetown,

Sierra Leone.

Dear Hiring Manager,

**Application for the Position of Data Management Officer**

I am writing to express my interest in the **Data Management Officer** position at The Africa Research Collaborative (The ARC). With a strong background in data management, research coordination, and IT support, I am confident in my ability to contribute to the success of the Child Health and Mortality Prevention Surveillance (CHAMPS) project.

In my previous role as **Data Management Specialist** with over 2 years of experience, I have developed expertise in **data quality assurance**, **data collection**, and **database management**. My experience in using tools like **Kobo ToolBox** for data capture, and **STATA** for data analysis, aligns well with the requirements of this role.

I am particularly interested in The ARC's mission of generating robust local evidence to inform national policies and health guidelines. My strong analytical skills, attention to detail, and collaborative approach make me a suitable candidate for this position.

Thank you for considering my application. I look forward to discussing my qualifications further.

Sincerely,

Hassan Sidique Konneh.
